KINGSTON VILLAGE COMMISSION

MINUTES OF THE COMMISSION MEETING OF FEBRUARY 11, 2026

COMMISSION:

Mike McCleave – Clerk/Treasurer
Wayne Fowler - Chair
Neil Larder
Laurie Green
Maggie Travis
Mike Bishop

Paula Ferguson – Admin Assistant

OPENING

Meeting was called to order at 7:00pm

REVIEW OF MINUTES

ON MOTION OF COMMISSIONER LARDER AND COMMISSIONER TRAVIS, THAT THE COMMISSION APPROVE THE REGULAR SESSION MEETING MINUTES OF JANUARY 14, 2025. MOTION CARRIED.

BUSINESS ARISING FROM THE MINUTES

None

CONSENT TO AGENDA ITEMS

ON MOTION OF COMMISSIONER TRAVIS AND COMMISSIONER GREEN THAT THE COMMISSION APPROVE THE AGENDA AS PRESENTED, MOTION CARRIED.

DEPARTMENTAL REPORTS:

ENVIRONMENTAL SERVICES – See Full Report/PUBLIC WORKS – See Full Report

It was suggested that the Village send out information regarding the need for a back water valve in our newsletter or in a mail out of some form.

RECREATION – See Full Report

COMMUNITY PROGRAMMER REPORT– See Full Report

Commission thanks Amy for her work on FB, and starting a page for businesses in Kingston/Greenwood

Discussion around the community pantry was that it would be better to have not for profit groups manage, rather than the Village.

COMMITTEE REPORTS:

2025 Steer BBQ

Looking forward to this “community picnic” celebrating 65yrs. Will have a solid plan for April commission meeting

Joint Accessibility Advisory Committee (JAAC)

Nothing to report until the next meeting

Audit Committee

Nothing to report until budget time

Soldiers Memorial Hospital (SMH) Foundation – Dr. Recruitment Committee

No updates

Association of Nova Scotia Villages (ANSV)

Resumes are in, job is closed.

CLERK REPORT – See Full Report

Fire inspection done on rec hut, 3 points- emergency lighting, an evacuation plan and no grease or oil on the stove or a hood/suppression system is required.

Clerk from Greenwood suggested an increase of events budget from \$10k to \$15k/yr to foster more collaboration and better events for both villages, Commission is open to the discussion at the budget meeting.

Fire Services meeting on Feb 17, Clerk, Commissioners Larder and Fowler to attend.

Discussion on streetlights and the potential for developers paying for them in new developments going forward, points made for and against, no decision made.

FINANCE REPORT – See Full Report

Last years capital budget and this year’s proposed capital budget outline were handed out so Commissioners could go over the data to prepare for the budget meeting on the 18th of February.

ADJOURNMENT

Commissioner Travis motioned to adjourn at 9:05pm

COMMISSION CHAIRPERSON

CLERK/TREASURER

REPORT TO VILLAGE COMMISSION

From: **Stephen Mosher, Incoming Public Works Supervisor**

Date: **March 11th, 2026**

Re: **Environmental Services Report**

Treatment Plant

Capital Projects Update

Gas meter technician has completed his visit to the site, and the gas meter is now functioning as intended.

Besides the electrician coming to place some panel labels, this project is considered completed by us, and no further updates will be given in these reports.

Sludge Return Pumps

The piping in the sludge return pump system is still the original ductile iron piping installed in 1993. Recently a small hole has developed in the return line causing leaks. Due to the proximity of the spool to the pumps, the hole was most likely caused by discharge turbulence.

This month staff met with Nova Millwrights to order a new spool piece to replace the affected section, however given the service age this is unlikely to be an isolated pinhole. At 30+ years of age ductile iron is living on borrowed time.

When the new piece is ready, we will temporarily shut down the return sludge system to remove the rotten section. At this time a more thorough investigation and camera inspection will also take place.

Ongoing Maintenance

Ongoing daily and weekly maintenance includes taking flow readings, washing down clarifier and UV Channel twice a week, cleaning out sludge pumps when needed, coordinating with Loomer's to haul sludge, and sending in monthly effluent samples to BV Labs for analysis.

Collection System

East Main Manholes

In additional response to the 909 East Main call out we experienced last month; we booked Nova Millwrights to help us modify these stuck manhole lids to allow easier access in the future. Modification included the slight widening of a crescent shaped pry point, allowing us to use larger bars to open the lids.

There are at least a handful more of these manholes in the village that staff will be visiting over the next few months as they are exposed, to ensure our ability to open them.

KN5 Over-cycling

Through monitoring via Scada its was determined the KN5 pumps were cycling at an excessive rate given the amount of flow into the station. It was determined that the grommets that hold the floats in place became brittle and allowed a float to drop causing unnecessary pump cycling.

Sewer Call - 1473 Palmer Drive

Tuesday February 24th, staff received a call from Dave McDow about a sewer blockage at 1473 Palmer Drive. Staff then proceeded to check relevant manholes in the area and found that the main sewer was flowing as it should be. The plumber continued to attempt to clear the line with no success. Wednesday morning staff returned to flush the gravity line to ensure flow was unencumbered.

On the same day Loomers was contacted to send two trucks to the house in order to free the blockage, one to apply water pressure, and a second to vacuum back water as the line was jetted to release the blockage, which was believed to be a frozen pipe in the road right of way.

Plumber's camera was broken at the time so we were unable to camera the line. Dave McDow and Loomers have been advised to submit their invoices to the office.

Friday March 6th staff returned with Gerald Corkum to video the line. This determined the location of line and a significant grease build-up. With the line marked village staff will install a clean-out this year in order to flush and auger the affected section as needed.

KN11 – Call Out

February 20th staff received an alarm from Scada indicating the pumps were both set to auto but were off. After a reset of the panel the station starting functioning as per normal. It is expected that this was caused by a loss of power. No further issues have been reported since.

REPORT TO VILLAGE COMMISSION

From: **Stephen Mosher, Incoming Public Works Supervisor**
Date: **Wednesday, March 11th**
Re: **Public Works Report**

Duck Pond Skating

The duck pond may have experienced its busiest month in a long-time during February. Weekends saw consistently fully parking lots, with the ice being utilized by up to 50 people at a time. Our public works staff continued to fight the cold mornings to keep the ice clean and provide flooding.

Despite our best efforts to extend the skating season, the start of March is seeing a warming trend which is starting to break in the ice on the far end. The pond will be closed in the foreseeable future.

The village may consider making nets available in the future, provided they are not being utilized at the tennis court rinks.

Ongoing Maintenance and Seasonal

Snow removal and ice control were in full swing this month as a mix of snow and melt were consistent. Our seasonal snowplow operator has been required to take sick leave for the last month, making for a busy February for remaining staff.

During times of less snow accumulation, staff have been able to use various equipment to clear boulevards for parking, and corners where build up was limiting traffic visibility.

Nova Millwrights was commissioned to prepare new sets of cutting edges for the MT V-Plow.

We received a delivery of salt from Pugwash, and a load of sand from Howard Little. This will give us plenty of stock for well into next year.

The supporting hardware and chain on the flagpole at the library has been replaced after numerous line breaks.

Ongoing Tree Maintenance

Nothing of significance this month, primarily odd branches in parks.

Ongoing Fleet Maintenance

The trackless MT-6 is still experiencing issues post visit from the technician from Saunders Equipment. While the tech was here, he told us to replace two other parts on the unit that

may be causing us trouble or will in the future. This includes a new joystick, and a sensor in the E-brake. These parts have been ordered and should arrive in the next few weeks.

Once these parts have been replaced, we will further assess where we are at with the MT-6.

REPORT TO VILLAGE COMMISSION

From: **Elizabeth Wright, Recreation Coordinator**
Date: **March 11, 2026**
Re: **Recreation Report**

Recreation

- Kingston Greenwood Sports Hall of Fame nominations period is closed. Recreation Coordinator is part of the nomination committee to decide 2026 inductees. Helped create guidelines for this process and received all the new nominations for this year. Helped get our website up and running and will help with the plaques at the Arena.
- The Equipment Loan Program remained busy. Season coming to an end now with the warmer weather.
- Snowshoe Hike on Saturday, February 21 went well with 8 participants in attendance. A few more had registered but did not show up. They appreciated the trail prizes too, and most were new snowshoers/ new to the golf course trails.
- Valley South Shore meeting in Yarmouth planning is being finalized and is on May 6-7th.
- Attended another Annapolis Valley Trails Coalition Meeting at the County. They are now looking into what it takes to officially close AVTC and still looking at the process/ direction for going forward.

Anti-Racism and Equity

- Second meeting was held on February 25.
- Looking at connecting with the Diversity team of Kings County for input, ideas, resource sharing etc.
- Discussed ideas for projects and events, Community Programmer looking into the options we discussed at previous meeting to finalize the grant by end of March.
- Next meeting is scheduled for March 25th at 4:00pm.

Fitness Classes

- All classes are still going well, each of the 50+ classes have one snow day we were unable to make up.
- Sandye's last day for class will be Wednesday, April 29th.

Grants

- No word yet on the Recreation Facility Development Grant for the acrylic surfacing and line painting of the pickleball courts.
- Will be completing the County Parks Playground and Trails grant to include Gazebo for Oakhurst, Beaman Bandstand work, staging for Steer BBQ grounds and tree clean-up in Forest Brook.
- Active Communities Fund received some cuts in the budget, but will still apply for Skating next year, new helmets, a sledge or 2, a new cart and stroller skis.
- Community Recreation Programing Grant will include day camp wages, with additional items to be determined.

Senior Bingo and Social with Kings County

- February 11th Bingo had to change dates due to weather. We were able to have it 2 days later, but this affected the turn-out with only 22 in attendance.
- The last scheduled Bingo is March 11th.

Skating

- Partnering with the IncludeMe group for a Sensory skate and sledge try-it on March 19.
- March Break Skates – 4 over the week, 1 on the Friday before. Having extra help and on-ice support during the free skates is beneficial.
- Drop-In skate will end on Tuesday, March 24th.
- The schools have booked some ice time this year, and were able to use our skate helpers, helmets etc. We had to change our drop-in skate time 2 times to adjust for the school skates.

Easter

- Kingsley's Easter Scavenger Hunt will be on Thursday, April 2 at Ravenwood Park.
- Kingston Lions will be able to assist again this year, provide hot chocolate and volunteers for the evening.
- We will have Kingsley at the event too.

Concert Series

- All bands have been booked in for the summer. Now book fundraising groups.
- Will start advertising a bit closer to the start date.

Steer BBQ 2026 – 65th

- Looking to spend an additional \$4,000 for updated Steer BBQ signage this year. This would include 10 larger poles flag signs (with hardware), and 10 ground signs (2 sizes, with stakes) to be spread out around the Village. Spoke with public works, and it was determined that the flags should only go on the wood power poles, not the decorative streetlights with the baskets. Extra weight not recommended for those.
- The Kingston Lions Club are ok to provide the Kiddie Train for \$0.25 per ride, final details still to be determined.
- Research and searches going in to find more history, photos from the event over the years.
- Requested each partner/organization come up with a little blurb, fun fact, history about their relationship with the BBQ to include in the program.
- 65th anniversary t-shirts, down to two options.
- New Inaugural Pickleball Tournament is still a go, along with a free try-it session.
- Will complete a more detailed report with highlights for the April 8th meeting.

REPORT TO VILLAGE COMMISSION

From: **Amy Spurrell**

Date: **March 11, 2026**

Re: **Community Programmer Report**

After School Program

After School Program is now finished. Unfortunately, due to storms, we didn't have as many days as we planned, but what we did offer was successful. Having high school students run the program with the support of teachers went smoothly. I will be collecting feedback from all staff to learn specifics on what worked well and what could be improved.

On Monday, March 2nd, I attended a meeting for the School Physical Activity Partnership (SPAP) funding, which includes staff from the Annapolis Valley Regional Centre for Education, Nova Scotia Health, Nova Scotia's Department of Communities, Culture, Tourism and Heritage and municipal unit recreation departments. We use funding from this partnership to run the after-school program. This was the first meeting they'd held since I started in this position. I learned a lot about how other municipal units work with schools and help them with funding towards physically active initiatives.

Based on recommendations from Nova Scotia Public Health Healthy Communities Team, the committee decided to stop having SPAP-specific meetings, and instead have AVRCE and NS Health staff come to Valley Recreation meetings to bring updates and have discussion. Emma Van Rooyen, the School Health Promotor for AVRCE/NS Health, was part of the meeting and I contacted her afterwards for more information on next steps we can take to engage more with the schools in our area.

Anti-Racism & Equity

The AMANS Grant Funding Info Session I attended on February 11th allowed me to ask if ideas I had would qualify or not. They seem open to a variety of uses for the funding and the application and final reporting process seem simple.

On February 25th we discussed options with the Anti-Racism & Equity Committee. Some wonderful ideas came out of our brainstorming session. I am now researching costs for these ideas, and we will decide as a group what to apply for. We will meet again March 25th and I will submit the grant by March 31st.

Businesses

We have 30 members in the Facebook group. So far engagement in posts is very low, but I will continue to post weekly prompts in hopes of starting some conversation.

Food Bank

The Food Bank is in the process of updating their bylaws and wondered about the letter we use to request Criminal Record Checks and Vulnerable Sector Checks. I shared our template with them to use as a guide.

Food Pantry

With the understanding that the commission is not in support of the food pantry, I have been in touch with April and Jason Whyte from Cat's Meow/Helping Paws to update them on the commissions' stance and help them facilitate conversations with other organizations.

Kingston Greenwood Soccer Club Initiative

The President of the KGSC, Crista MacNeil, reached out to us and the Village of Greenwood with a detailed proposal to co-host community watch parties for the Team Canada World Cup games this summer. A meeting will be held this week to start planning.

March Break Day Camp - Everything is ready for camp to run next week!

Presentation

I have been asked to give a presentation on behalf of the village and the recreation department at the All Saint's Anglican Church Easter Bonnet Tea on March 21st.

Registration & Equipment Loan Platforms

We're exploring two separate platforms for each function. They're both free to us, but the registration platform would charge fees to the customer.

Steer BBQ

Grants have been submitted to the province and Atlantic Lottery. We've decided not to submit the grant to the municipality, as we're only permitted to apply to two grants in total. The events grant doesn't offer as much funding as others we can apply to for parks and recreation.

I'm also working on design for t-shirts and new signage. Paula updated her graphic and form to collect vendor applications for the market, and I have shared that info on the Kingston and the Steer BBQ Facebook pages, and the LED sign.

Stronach Park Duck Pond

Thanks to Public Works for great communication on the status of the duck pond this winter. We were able to keep the public up to date on conditions via Facebook. We received a lot of kind comments from folks thanking Public Works for their effort in making it a great skating season.

Student Recreation Position

We're looking to create a recreation student position in hopes of expanding our outreach into the community. The goal of this position is to help our village increase physical literacy (motivation, confidence, physical competence, knowledge, and understanding for lifelong movement.) Responsibilities would include offering additional fitness classes, running activities in schools during special events like winter carnival and field day and during daily physical activity periods, facilitating walk groups, planning and executing additional activities i.e. sport try-it sessions, hikes, etc. This position will also help with larger event planning and execution, which will be a big benefit while the Recreation Coordinator is on maternity leave.

I've reached out to Acadia's cooperative education department to learn more about hiring one of their students during the academic year. We will look to put out a general job ad for this summer.

Volunteer of the Year

We've started advertising for people to nominate volunteers. Deadline is April 1st. Paula updated the graphic and is collecting submissions.

Overall Facebook Performance for the Month

REPORT TO VILLAGE COMMISSION

From: **Mike McCleave, Clerk/Treasurer**
Date: **March 9, 2026**
Re: **Clerk Report**

MOTION: THAT THE VILLAGE OF KINGSTON COMMISSION AWARD THE PICKLEBALL COURTS SURFACING CONTRACT TO PLAYTECK IN THE AMOUNT OF \$73,300+HST.

2026-27 Budget Schedule

March 11	Operating Budget Discussion/Capital Budget Deliberation
April 8	Proposed Operating Budget Released
	Capital Budget Debated, Approved or Deferred
April 22*	Any further discussions or budget deliberations prior to approval
May 13	Approval of 2026-27 Capital and Operating Budgets.
* Special Meeting	

2026 Commissioner Election

Two Commissioner positions are open this year. Commissioner(s) Bishop and Larder terms are expiring in May. The Clerk has set aside these dates for the Election and Annual General Meeting.

April 30 – May 13, 2026	Nomination Period
Wednesday, May 13, 2026	Nomination Day
Tuesday, May 26, 2026	Advance Poll
Thursday, May 28, 2026	Annual General Meeting
Saturday, May 30, 2026	Election Day

Sparky Street – Main Street Crosswalk

Waiting on quotation from Atlantic Arborists

Forest Brook Subdivision

Clerk submitted application to NS-DPW to purchase two PIDs that were created for road access for subdivision expansion. Developer will be purchasing PIDs from the Village. This process will allow quicker development of lands.

Embrook Sidewalk

I have reached out to Eric Morse about pricing to design the short sidewalk extension on highway 1 to Embrook Place. I have also reached out to NS-DPW to discuss a sidewalk design that would not be able to follow the provincial standard for sidewalk design due to local encroachments (power poles and a house) and distance constraints (highway shoulder, curbing, boulevard and the ravine).

Capital Projects:

DNR Greenspace Purchase

DNR is working on list of encroachments - 04-16-2025

Garbage Bins and Picnic Tables

We received a county grant on top of our original existing village funding

Pickleball Courts

Paving and pickleball systems have been awarded. The tender for the acrylic surfacing of the pickleball, basketball, and shuffleboard court(s) has closed. We received 3 bids and the lowest bid was \$73,300 for Option 2.

Eastern Fence	\$ 17,790.77	(fence repair and 4x pickleball net systems)
Valley Paving	\$ 54,977.58	(crack/depression repairs and re-capping)
Acrylic Surfacing	\$	Option 1, \$42,900 or Option 2, \$73,300)

2025-26 Projects	Budget	Tender w/ HST portion	YTD Actual	Status
Office Generator	30,000	22,939	22,939	Z

File #26-06

Re: Notification of Application for a Rezoning at PID 55552772 and PID 55552780, Mayhew Drive (No Civics), Greenwood

David Peach on behalf of M&M Pastry Shoppe, has submitted a Planning Application for a Land Use By-law Map Amendment to rezone PIDs 55552772 and 55552780 on Mayhew Drive (no civics), Greenwood, from the Residential One Unit (R1) Zone to the Residential One and Two Unit Zone (R2) to permit semi-detached dwellings.

You are being notified of this application because the planning application being considered involves a property located within five kilometres of your village, town or municipal boundary.

If you have any comments or concerns with regard to this application, or if you would like more information, please do not hesitate to contact me by email at mchunick@countyofkings.ca or by phone at 902-690-6173.

Sincerely,

MChunick

Melissa Chunick, Planner
